1. **Kite**
   Wind lifts a kite into the sky. Rocks and chairs are too heavy to fly.
2. **Sun**
   The bright sun means a sunny day. Rain clouds and storms bring wet weather.
3. **Yes**
   True! Snow is frozen water. It is cold and white.
4. **Umbrella**
   An umbrella keeps you dry in the rain. Sunglasses are for sunny days.
5. **Fall**
   In fall, leaves turn red and orange and fall off the trees. That is why it is called fall!
6. **Spring**
   In spring the weather gets warmer and rainy. Flowers and leaves start to grow.
7. **Yes**
   True! A thermometer measures temperature. It tells us if it is hot or cold.
8. **4**
   There are 4 seasons: spring, summer, fall and winter.
9. **Rain**
   Dark gray clouds are full of water. They often bring rain.
10. **Spring**
    Spring comes after winter. The snow melts and plants start to grow again.
